

# Carb-Lipo Control™

Minimizes Starch and Fat Absorption and Aids in Difficult-to-Digest Proteins\*

PTZ060 | 60 capsules

Discover a new level of dietary freedom with Carb-Lipo Control™.\* In situations where you're unsure about the composition of your meal, such as when dining out, your body may struggle with digesting certain proteins, such as gluten from bread or casein from dairy. This can lead to unwelcome digestive complaints. Carb-Lipo Control™, with its unique formula, steps in to support your body in digesting these complex proteins and absorbing essential vitamins and minerals.\* It also helps to minimize the amount of starch (from foods like pasta, potatoes, bread, and rice), table sugar, and fat that your body will absorb.\* Plus, it may also help support feeling satiated after meals.\* All of these benefits contribute to supporting healthy blood sugar metabolism and maintaining a healthy body composition.\*

## BODY COMPOSITION\*

Supports protein digestion and nutrient absorption

May help support a feeling of fullness after meals and a normal appetite

May promote a healthy body composition

Supports digestion of problematic proteins, such as gluten or casein

May support healthy blood sugar metabolism
