

Clear the Chaos™

A CLARIFYING SUPPLEMENT FOR HEALTHY SKIN*

Clear the Chaos™ provides comprehensive support for healthy skin clarity by focusing on the body's natural repair and regeneration processes and overall skin health.* This product features skin supportive nutrients, vitamins, and minerals that work together to target the underlying factors that may worsen the appearance of the skin, such as disruptions to healthy inflammatory responses, blood glucose and fat metabolism, and immune balance.* In doing so, this formula may help promote clear and vibrant skin.*

ACN180-DFB | 180 capsules

Recommended Use

Take 6 capsules per day or as directed by your health-care practitioner.

Warning: Not for use by children. Do not exceed the recommended dose or use long-term without medical supervision. Excess vitamin A may cause reproductive harm or organ damage.

BENEFITS*

- 1 PROMOTES CLEAR AND RADIANT SKIN
- 2 SUPPORTS HEALTHY FAT METABOLISM
- 3 PROMOTES HEALTHY IMMUNE AND INFLAMMATORY RESPONSES*
- 4 SUPPORTS ANTIOXIDANT STATUS
- 5 SUPPORTS OPTIMAL SKIN CELL REGENERATION AND INTEGRITY
- 6 MAY SUPPORT HEALTHY SKIN AGING

Chromium (as TRAACS® Chromium Nicotinate Glycinate Chelate)	400 mcg	1143%
L-Carnitine (from L-Carnitine Tartrate)	500 mg	*
Vitamin E Isomers (DeltaGold®) [as delta and gamma tocotrienols from annatto (<i>Bixa orellana</i>)(seed)]	15 mg	*

*Daily Value not established.

JUST THE FACTS

- **Vitamin A:** “A powerful antioxidant that promotes skin cell turnover and collagen production and helps promote healthy skin texture and appearance**”
- **Vitamin D:** “Inadequate vitamin D status has been linked to increased incidence of blemishes as it is a fundamental nutrient in immune health and regulating the growth of skin cells**”
- **L carnitine:** “An amino acid derivative that our bodies need to properly turn dietary and stored fats into cellular energy, supporting efficient fat metabolism**”
- **Pantothenic acid:** “An essential B vitamin needed for healthy skin cells that also assists in transporting fats into cells to be burned for energy.**”
- **Vitamin B6:** “Helps support normal sebum production and is needed for proper blood sugar metabolism and hormonal balance, potentially benefiting those with hormonal-associated acne**”
- **Biotin:** “A well-known B vitamin that provides metabolic and skin cell regeneration support**”
- **Zinc, selenium, copper, and chromium:** “These essential trace minerals are critical for maintaining skin integrity by their influence on regulating a normal inflammatory response, proper collagen production, and balancing blood sugar and insulin metabolism, all important factors to consider when addressing acne**”
- **Vitamin E:** “Promotes antioxidant status and cell membrane integrity to support healthy skin aging*”
