

MyoStim™

*Supports Healthy Body Composition and Muscle Metabolism**

HEALTHY AGING*

Nutrients to Support Healthy Aging and Muscle Preservation*

Offers a complete suite of muscle-supportive nutrients formulated to promote muscle tissue preservation and healthy aging.* MyoStim™ combines 15 g of collagen peptides (as BodyBalance®), 3 g of L-leucine, 2 g of HMB (as MyHMB®), 150 mg of GG (as GG-Gold™), and 25 mcg (1,000 IU) of vitamin D3 per 25 gram serving that work synergistically to help mitigate the effects of age-related muscle loss and support lean body composition.* This formula is the most comprehensive Designs for Health formula currently available that directly supports preservation of lean muscle tissue and potential muscle growth.*

Collagen peptides help support the maintenance of body collagen — the most abundant protein in the human body, representing 30% of total body protein — by promoting the

metabolism of target connective tissue cells involved in collagen biosynthesis.* Collagen provides the building blocks needed to maintain the structure and function of the muscle tissue itself, supporting the strength of bones, muscles, tendons, and cartilage, in addition to the health and appearance of skin.* Leucine is an essential branched-chain amino acid (BCAA), and it is considered to be the most anabolic (muscle building) amino acid. β -hydroxy β -methylbutyrate (HMB) helps preserve muscle and increase muscle protein synthesis.* Vitamin D is included in this formula, as it has been shown to work synergistically with HMB, and it is known to support bone health and muscle function.* Finally, geranylgeraniol (GG) is included in this supplement, as it is involved in muscle cell metabolism and protein synthesis.*

Highlights

- Easy-to-mix powder that allows for flexible dosing and for individuals who have difficulty swallowing capsules and/or softgels
- Delicious orange flavor
- Sweetened with stevia extract
- No artificial flavors or sweeteners
- Includes BodyBalance® collagen peptides — a proprietary blend of hydrolyzed collagen peptides shown to help support connective tissues, muscles, and bones*
- Includes MyHMB® — a powdered HMB to help promote overall muscle health*
- Provides 3 g of the BCAA leucine to help support muscle protein synthesis*
- 25 mcg (1,000 IU) of vitamin D3 to support overall bone health*

GG-Gold® is a registered trademark of American River Nutrition, LLC and protected by US Patents No: 7,989,006, and 8,293,290. BODYBALANCE® is a registered trademark of GELITA AG. Nutritional use of HMB are licensed to Designs for Health Inc. under U.S. Patent #8,815,280, #9,259,430, #9,539,224, #9,707,241, #9,770,424 and #10,201,551.

Consult with your health-care practitioner about your specific circumstances and any questions you may have regarding this product.

Benefits*

- Supports healthy aging
- May help preserve muscle in aging adults
- Promotes maintenance of muscle mass
- Supports healthy body composition
- May help attenuate muscle protein breakdown in athletes
- Helps support lean body mass (muscle and bone) in individuals who are unable to perform regular resistance training
- Promotes overall bone health
- May help support muscle strength

Recommended Use

Mix 25 grams (approx. one scoop) in 8-10 ounces of water per day or as directed by your health-care practitioner.

Warning

Pregnant or lactating women should not take HMB, as safety studies have not been conducted yet for these populations.
