

OmegAvail™ Lemon Drop Smoothie

Omega-3 fatty acids in a delicious lemon drop-flavored liquid

OmegAvail™ Lemon Drop Smoothie is a delicious tasting, high potency fish oil product with superior bioavailability. It offers a wonderfully convenient option for children, those who prefer not to swallow pills, and situations where doses tailored for an individual's unique needs would be difficult to achieve via softgels. This breakthrough product has the taste of a fruit smoothie—without any oily taste or texture. It is manufactured using a proprietary emulsification technology that significantly reduces the size of fish oil molecules, resulting in enhanced absorption and easy digestion.

Omega-3 Fatty Acids

Omega-3 fatty acids are the healthy components in fish oil. They are known as “essential fatty acids” (EFAs) because the body cannot manufacture them, making it essential to consume them in the diet. Omega-3 fatty acids are primarily found in seafood, which is not a dietary preference for many individuals, especially children. Therefore, supplementation is important.

Omega-3 Fatty Acids consist of:

Eicosapentaenoic Acid (EPA)—beneficial for supporting healthy cognitive function, balanced moods, smooth/hydrated skin, lustrous hair, normal cholesterol levels, and a proper inflammatory response*

Docosahexaenoic Acid (DHA)—supports proper brain development and function, visual acuity, maintenance of normal triglyceride levels and blood pressure, eye development and a healthy pregnancy for expectant mothers*

The omega-3 fatty acids in this product are derived from fish oils in their triglyceride (TG) form—the same way they naturally occur in fish. Most mass-marketed fish oil supplements come in the ethyl ester form, which is less expensive and easier to produce but is not as readily digested and assimilated by the body. In order to receive the maximum benefits from omega-3 fish oil supplementation, it's best to provide these special fats in the same form as they're found naturally in fish. It is only when consumed in this natural TG form that they are most easily digested and available for the body to use.

Additional Highlights

- The fish oils in this product are molecularly distilled and filtered to ensure purity and to maximize the removal of metals, pesticides, PCBs and other contaminants
- Each 2-teaspoon serving is packed with 1100 mg of EPA and 720 mg DHA (a total of 1820 mg)
- Naturally sweetened with xylitol to promote oral health and support healthy blood sugar*

Recommended Use:

- As a dietary supplement, take 11 grams (approx. 2 teaspoons) per day, or as directed by your health care practitioner.
- Can be taken alone or mixed in yogurt, juice or other beverages.
- Shake well prior to dispensing.
- Refrigerate after opening.
- Best if used within 90 days after opening.

OmegAvail™ Lemon Drop Smoothie may help support*:

- Heart health
- Normal cholesterol and triglyceride levels
- Immune system function
- Brain health and development
- Joint mobility
- Healthy skin and hair
- A balanced inflammatory response
- Eye health and development
- A healthy pregnancy

Consult with your healthcare practitioner about your specific circumstances and any questions you may have.
