

Progest-Avail™

Ultra-absorbed progesterone serum

 PAV30M | Net Wt. 1 fl oz (30 mL)

Progest-Avail™ is a topical progesterone serum that provides 20 mg of USP bio-identical progesterone in each 1 mL serving. The progesterone in this product is carried in caprylic/capric triglyceride (from coconut), and it contains vitamin E as a preservative. Since progesterone is fat-soluble, ultra-micronized delivery may promote enhanced progesterone absorption.

Progest-Avail™ also contains a natural sugar-based complex (dimethyl isosorbide) that may increase progesterone solubility and facilitate deeper and faster penetration through the skin. While typical cream-based topical progesterone products claim potency for only 60 days after manufacturing, Designs for Health's Progest-Avail™ lipid-based system has been shown to maintain potency for up to two years.

WOMEN'S HEALTH

Bio-identical topical progesterone serum

Ultra-micronized delivery may promote enhanced progesterone absorption

Free of parabens, mineral oil, and petroleum

Ingredients: Caprylic/capric triglyceride (from coconut), dimethyl isosorbide, USP bio-identical progesterone (ultra-micronized), vitamin E.

**Topical
For External Use Only**

Directions: Apply 1 mL (20 mg USP progesterone) 1-2 times per day to smooth skin areas, such as the wrists, inner arms or thighs, throat, neck, abdomen or chest, or as directed by your health-care practitioner.

Consult with your health-care practitioner about your specific circumstances and any questions you may have.

JUST THE FACTS:

Compare the ingredients to the leading brands

- 20 mg of USP bio-identical progesterone in each 1 mL serving
- Ultra-micronized delivery for enhanced progesterone absorption
- Topical formula – external use only
- Free of parabens, mineral oil, and petroleum

To gain an in-depth look into your 24-hour hormone balance and regulation, including cortisol and female sex hormones, talk with your health-care practitioner about [Designs for Health Hormone Spotlight™ functional wellness testing](#).

⚠WARNING: This product can expose you to progesterone, which is known to the State of California to cause cancer. For more information go to <http://www.P65Warnings.ca.gov>.

The Designs for Health Spotlight™ functional wellness tests are not diagnostic and are not eligible for coverage under Medicare, Medicaid, or medical insurance. DFH Spotlight testing must be ordered or authorized by a qualified health-care provider registered with DFH. Please reach out directly to your practitioner to express your interest in any of the Spotlight tests.
