

# Tri-Butyrin Supreme™

Clinically Studied Butyrate | Postbiotic

 TBS060 | 60 Softgels

Tri-Butyrin Supreme™ could be the missing piece in your gut health routine.

Each softgel provides 300 mg of tributyrin, a unique fusion of three butyrate molecules attached to glycerol. Butyrate is a short-chain fatty acid, or special type of fat, that supports gut barrier integrity, regularity, healthy immune responses, and overall well-being.\* It is the preferred energy source for the cells of the large intestine, and it may support healthy gut microbial balance.\*

## Why Take a Postbiotic for Gut Health?

Gut health doesn't stop with pre- and probiotics. "Postbiotics" are health-promoting compounds produced by friendly gut microbes when they break down and ferment dietary fiber. Complete your gut health regimen with butyrate, the ultimate postbiotic solution.\*

GASTROINTESTINAL HEALTH\*

Promotes gastrointestinal health\*

May help support healthy butyrate status in the large intestine\*

Helps support gut microbial diversity\*

Promotes healthy immune and inflammatory responses\*

May help support bowel regularity\*

## Supplement Facts

Serving Size 1 softgel  
Servings Per Container 60

The Designs for Health GI Spotlight™ functional wellness test is not diagnostic and is not eligible for coverage under Medicare, Medicaid, or medical insurance. DFH Spotlight testing must be ordered or authorized by a qualified health-care provider registered with DFH. Please reach out directly to your practitioner to express your interest in any of the Spotlight tests.

## JUST THE FACTS:

Compare supplement facts to the leading brands

- **Targeted, triple butyrate** – A unique fusion of three butyrate molecules attached to glycerol
- A greater percentage of this form of butyrate can make it to the large intestine, compared to sodium butyrate\*
- Combined with black cumin seed oil and medium chain triglycerides for superior absorption\*
- May be ideal for individuals who cannot tolerate dietary fiber\*

To gain an in-depth look into the health of your gut microbiome, talk with your health-care practitioner about **Designs for Health GI Spotlight™ functional wellness testing.**
